1st HGS MathComp Chess Tournament

Date & Location

- The event will take place in June and July 2015 at Heidelberg University.
- The schedule and the location will be announced after the registration period.

Basics of the Tournament and Game

- The tournament is open for PhD students and/or HGS MathComp members.
- Swiss-system tournament – the number of rounds will depend upon the number of participants.
- Each player has 30 minutes of playing time, which will be controlled by digital chess clocks.
- The rules are FIDE rapid play chess rules.
- It is a draw if the players repeat a same move three times.
- The first three players with the highest score will receive a prize.

Registration

- The deadline for the registration is June 14, 2015.
- Please registers online at:
